Personal Information

Nationality: Nigerian

Date of Birth: 3rd April, 2001

Gender: Male

Marital Status: Single

Professional Objective

An ambitious and talented professional with a proven academic background in science and Technology. I have acquired diverse professional skills through studying, research and working in the academic sector.

My immediate goal as an Electrical Engineer and Web Developer is to utilize my foundation in both hardware and software, to contribute to innovative projects, enhance user experience, and drive efficiency.

Skill Highlights

- Strong teaching and administrative skills.
- Demonstrate skills and willingness to teach effectively in higher education.
- One year of research team experience with substantial project management experience and organizational skills.
- Ability to demonstrate time management and leadership skills gained over time.
- Excellent programming, drafting, presentation and reporting skills.
- Ability to work effectively, both autonomously and as part of a team.
- Ability to maintain high standards of achievement, behavior, discipline and punctuality to achieve organization's goals.
- Ability to teach in a conventional classroom setting and in a virtual classroom setting.
- Able to devise future plans on the emerging needs of an organization.

Technical Skills

- Java script Programming Language.
- MATLAB for Linear programming and scientific modelling.
- Full stack Web Developer (in View).

Education

B.Eng. Electrical Engineering (Second Class Upper Honors): University of Nigeria, Nsukka. October 2018 – March 2024.

Work Experience

Web Developer instructor: June 2024 – March 2025

Lord gold Montessori school, Awka Anambra.

Key Responsibilities

- I was involved in lesson plans, classroom behavior chart, and an individualized behavior plan for learners.
- Continuously update knowledge and skills in web development, incorporating new technologies and trends into the curriculum
- Keep record of student sessions and report to the management for review in order to maintain accuracy of learner participation.
- Worked effectively both autonomously and as part of a team in maintaining high standards of achievement, behavior, discipline, and punctuality amongst students.

Key Achievements

- Developed and implemented a comprehensive web development curriculum.
- Guided students in creating functional websites, fostering problem-solving skills, creativity and collaboration.
- Created an interactive learning environment, leading to increased student participation and enthusiasm for web development.

Front End Web-Development Intern: June 2021- February 2022.

Digitanotion Limited, Awka Anambra.

- Collaborated with the design team to implement modern UI/UX features, enhancing user engagement.
- Optimized images and front-end assets, reducing page load times by 30%, leading to improved user experience and higher site traffic.
- Created and optimized user-friendly, responsive web pages using HTML, CSS, and JavaScript, improving site performance by 20% across devices.

Industrial Training at National Center for Energy Research and Development (NCERD): February, 2023 – August, 2023

- Solar Maintenance and Installation
- Responsible for costing and estimating commercial jobs, tenders and enquiries.
- Tracing, diagnosing and rectifying electrical faults.

Volunteer Experience

Examiner: Junior WAEC Marking Center Government Junior College, Warri Delta. October - November 2020

- I marked Basic Technology for the Junior West African Examinations Council exam.
- Avoided under marking and over marking of candidate examination scripts.
- Accurately recorded candidate scores.
- Assisted other examiners in discovering mistakes during reviews.

Interests and Activities

- Solving Mathematical problems
- Engineering projects
- Innovations
- Volunteering
- Self-development
- Singing and Composing music
- Reading and Carrying out Research

Awards

- Best Financial Analyst, Students Choir, University of Nigeria. 2024
